

Uno Compact

Uno Compact - the handy way to keep your food hot and cold

Uno Compact - the climate-control system that takes up very little space

You can have your hot and cold meals presented at the right temperature, with the right moisture content and in a way that promotes sales with the space-saving Uno Compact. The Uno Compact which is extremely handy and which can be used as a mobile unit offers four climate-control variants. You can thus present your meals hot-steamed, hot and dry, neutral or contact-cold on crushed ice and you can always give your meals the best possible temperature and moisture content.

Accessories for even greater flexibility

Uno Compact is a real quick-change artist with its inserts made of stainless steel serving to accommodate various presentation surfaces. From the BBQ platter through practical ceramic or glass hotplates to the wok insert - your meals can be presented in a varied way and always attractively using the versatile range of accessories.

Benefits for you

- Tried-and-tested Culinario technology on a very small scale indeed as GN 1/1
- 4 climate-control zones - hot-steamed, hot and dry, neutral or cold on crushed ice
- Optimal for mobile use thanks to its compact size
- Practical range of accessories available
- Optimum energy budget with only 700 W per unit
- Optionally available with paint colour finish to match your colour concept
- Also ideal for combined use with Solaris-design light/heat bridge

Uno Compact

Practical accessory: ceramic hotplate

Uno Compact combined with Solaris-design light/heat bridge
